

The collective PRISMA is looking for dancers to join the creation of POEMS FROM INNER SPACE - Episode I

In 2022, the collective PRISMA (Lucas del Rio Estévez, Elena Morena Weber and Luca Magni) will develop the first episode of the trilogy POEMS FROM INNER SPACE at the Kurtheater Baden. The production will be realised and presented in public space and in the venue of the Kurtheater. For the formation of the ensemble the collective is looking for

four professionally experienced dancers
and
one intern
(dancer in education or at the beginning of the professional career)

The call is addressed to contemporary dancers from different backgrounds with professional experience or in professional education with strong stage presence and the potential to embody a solistic role. Prerequisites are the curiosity to experiment with one's personal movement language and the openness to rehearse and perform outside the studio and in different weather conditions. There is the perspective of a collaboration for the entire trilogy.

To get to know interested dancers, the collective invites to **a workshop from March 24th to 27th, 2022 in Baden**. The workshop is free of charge and intended to be a space for exchange in which we share our artistic practices; Between dance studio and public space, we will dive into the movement language of Lucas del Rio Estévez and the choreographic method of Elena Morena Weber, driven by Luca Magni's pulsating sounds. There are limited places for the workshop, hence the collective will make a pre-selection. Please submit applications with curriculum vitae as well as video links by March 3rd, 2022 to **info@prismakollektiv.ch**.

About the collective PRISMA

The artistic language of PRISMA is characterized by the interaction and symbiosis of dance and sound. It intertwines the urban-contemporary dance language of Lucas del Rio Estévez, the poetic-immersive stage concepts of Elena Morena Weber's choreography and the multimedial sound art of Luca Magni. The collective develops scenic formats as experiences that rethink the concept of stage with every creation.

The collective PRISMA was selected to develop and present the trilogy POEMS FROM INNER SPACE at the Kurtheater Baden between 2022 and 2024 as part of the [Szenotop funding programme](#).
